BIOFIBER® Sutures, Tapes & Loops

EU-MDR

High-Strength UHMWPE Sutures and Tapes for Advanced Soft Tissue Fixation

BIOTEK's **BIOFIBER®** range of sutures, loops, and tapes is engineered to meet the demanding requirements of modern arthroscopic and open soft tissue repair procedures. Manufactured from **Ultra High Molecular Weight Polyethylene (UHMWPE)**, **BIOFIBER®** products deliver exceptional tensile strength, superior handling characteristics, excellent knot security, and dependable fixation performance.

Designed for sports medicine, shoulder, knee, foot & ankle, and soft tissue reconstruction procedures, the **BIOFIBER®** portfolio offers surgeons a comprehensive range of high-strength sutures, tapes, and loops to support a wide variety of repair techniques.

PRODUCT BULLETIN

Clinical Indications:

- Rotator cuff repair
- Shoulder instability and labral repair
- Biceps tenodesis
- ACL and PCL reconstruction
- Meniscal repair and meniscal root repair
- Tendon and ligament reconstruction
- Foot & ankle ligament repair
- Trauma and soft tissue fixation procedures

Advanced Technology:

BIOFIBER® products are manufactured using **Ultra High Molecular Weight Polyethylene (UHMWPE)**, a high-performance biomaterial recognized for its exceptional strength-to-size ratio and durability.

- High tensile strength
- Excellent abrasion resistance
- Superior knot security
- Minimal elongation under load
- Smooth tissue passage
- Reliable long-term fixation
- Proven performance in sports medicine applications

Ordering Information:

Cat Code	Description
BF-2W	**BIOFIBER®** Fiber USP Size 2 with MO-6 needle White, Len. 36"
BF-2WC	**BIOFIBER®** Fiber USP Size 2 with MO-6 needle White-Blue, Len. 36"
BF-2WK	**BIOFIBER®** Fiber USP Size 2 with MO-6 needle White-Black, Len. 36"
BF-5WC	**BIOFIBER®** Fiber USP Size 5 with MO-6 needle White-Blue, Len. 36"
BF-5WK	**BIOFIBER®** Fiber USP Size 5 with MO-6 needle White-Black, Len. 36"
10508	**BIOFIBER®** Fiber USP Size 2 with Two MO-6 needles White-Blue, Len. 36"
10509	**BIOFIBER®** Fiber USP Size 2 with Two MO-6 needles White-Black, Len. 36"
