FIBERKNOT® 1.5mm & 1.8mm

FIBERKNOT® 1.5mm & 1.8mm

EU-MDR

Introducing the **FIBERKNOT®** all suture anchor developed specifically for knotted instability procedures in the shoulder. This **FIBERKNOT®** range comes in 1.5mm and 1.8mm diameters with variable suture configurations. The Fiberknot anchor preserves bone and allows for strong subcortical fixation.

FIBERKNOT®
1.5mm & 1.8mm

Key Features & Benefits:

Bone preserving

Small 1.5 or 1.8mm diameter drill holes in the bone preserves bone stock for greater subcortical fixation and allows the surgeon to fit in more anchors around the glenoid if necessary.

Subcortical fixation

The wings of the Fiberknot anchor deploy subcortically to provide strong reliable fixation. The fixation strength of these anchors are 349.5N for the 1.5mm Fiberknot.

Easy anchor insertion

The anchor is inserted through the drill sleeve. This allows the surgeon to drill the hole, leave the drill sleeve in place and slide the anchor down the drill sleeve and inserting the anchor into the bone.

Suture variations

The 1.5mm and 1.8mm Fiberknot are loaded with Biofiber suture as well as 1.4mm Biofiber tape. The surgeon has different options of sutures depending their preference.

FIBERKNOT® 1.5mm & 1.8mm

Indications:

- Bankart
- Posterior Bankart
- SLAP
- Hip Labral Repair

Ordering Information:

Cat Code	Description
10026	**FIBERKNOT®** Soft Ligament Anchor loaded with 1 pc Fiber, Dia. 1.5mm
10027	**FIBERKNOT®** Soft Ligament Anchor loaded with 1 pc Fiber Tape size 1.4, Dia. 1.5mm
10028	**FIBERKNOT®** Soft Ligament Anchor loaded with 2 pc Fiber, Dia. 1.8mm
10029	**FIBERKNOT®** Soft Ligament Anchor loaded with 1 pc Fiber and 1 pc Fiber Tape size 1.4, Dia. 1.8mm

Instrumentation:

- **10040** Spear (Two-pronged), Straight for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm & 1.8mm
- **10041** Spear (Two-pronged), Curved for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm & 1.8mm
- **10042** Trocar, Straight for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm & 1.8mm
- **10043** Trocar, Curved for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm & 1.8mm
- **10045** Drill bit for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm (SS)
- **10046** Drill bit for **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.5mm (Nitinol)
- **10219** Drill bit For **FIBERKNOT®** Soft Ligament Anchor – Dia. 1.8mm (SS)
- **10203** Internal Sleeve for Spear – 10040
- **10222** Internal Sleeve for Curved Spear – 10041
